

Nature in the Dales:

# 2020 vision

---

The second Biodiversity Action Plan for the  
Yorkshire Dales National Park

## **Lichen Species Action Plans**

Yorkshire Dales Biodiversity Forum, 2011  
Amended Feb 2015

**LICHEN SPECIES ACTION PLANS**

**TRENDS & STATUS 2011**

***Anaptychia ciliaris* subsp. *ciliaris***

Population in Britain	Formerly widespread
Population in the YDNP	Historic sites in 19 10km squares
Conservation Status in UK	Marked decline
Conservation Status in Europe	Not threatened
Current national population trend	Decline
Current YDNP trend	Unknown

***Bacidia incompta***

Population in Britain	Unknown
Population in the YDNP	Historic sites in one 10 km square
Conservation Status in UK	Vulnerable
Conservation Status in Europe	Not threatened
Current national population trend	Decline
Current YDNP trend	Unknown

***Caloplaca flavorubescens***

Population in Britain	Nationally scarce
Population in the YDNP	Historic sites in one 10 km square
Conservation Status in UK	Endangered
Conservation Status in Europe	Not threatened
Current national population trend	Dramatic decline
Current YDNP trend	Unknown

**ORANGE-FRUITED ELM-LICHEN *Caloplaca luteoalba***

Population in Britain	Very rare
Population in the YDNP	Historic sites in three 10 km squares
Conservation Status in UK	Vulnerable
Conservation Status in Europe	Not threatened
Current national population trend	Decline
Current YDNP trend	Unknown

***Gyalecta ulmi***

Population in Britain	Nationally rare
Population in the YDNP	Historic sites in three one km squares
Conservation Status in UK	Endangered
Conservation Status in Europe	Unknown
Current national population trend	Decline
Current YDNP trend	Unknown

***Poeltinula cerebrina***

Population in Britain	Nationally rare
Population in the YDNP	Historic sites in four 10 km squares
Conservation Status in UK	Vulnerable
Conservation Status in Europe	Unknown
Current national population trend	Decline
Current YDNP trend	Unknown

***Toninia sedifolia***

Population in Britain	Widespread
Population in the YDNP	Historic sites in 17 10km squares
Conservation Status in UK	Not threatened
Conservation Status in Europe	Not threatened
Current national population trend	Unknown

**NATURE IN THE DALES: 2020 VISION  
OBJECTIVES, ACTIONS, TARGETS & MILESTONES**

**Objective**

**LIC1.1:** Continue with survey and monitoring requirements of seven lichen species including habitat assessment at known sites and undertake appropriate survey work.

**Actions & Targets**

Actions	Main Delivery Mechanism	Lead Organisation	Indicator
<b>LIC1.1:</b> Continue with survey and monitoring requirements of seven lichen species including habitat assessment at known sites and undertake appropriate survey work.	Targeted assessment	Biodiversity Forum	None

**Milestones**

Actions	Target	When?
<b>LIC1.1:</b> Continue with survey and monitoring requirements of seven lichen species including habitat assessment at known sites and undertake appropriate survey work.	Report	2016

## *Nature in the Dales: 2020 Vision*

*Nature in the Dales: 2020 Vision* was written and co-ordinated by Tim Thom, Ian Court, Frances Graham & Hannah Fawcett of the Yorkshire Dales National Park Authority in 2011, following consultation. The production of the plan was steered, advised and supported by the Yorkshire Dales Biodiversity Forum who will be responsible for ensuring that the actions and targets in *Nature in the Dales: 2020 Vision* are achieved. Minor revisions made Feb 2015.

**The Yorkshire Dales Biodiversity Forum wishes to acknowledge the financial support from the Yorkshire Dales National Park Authority in the production of *Nature in the Dales: 2020 Vision*.**
